

Muhammed Aslam P. N.

Full Stack Developer

aslua4749@gmail.com | 8138824741 | Karimugal, Ernakulam | linkedin.com/in/aslam2001

OBJECTIVE

A postgraduate in Computer Applications with strong abilities in programming, structured problem-solving, and technology-oriented tasks. Recognized for disciplined work habits, adaptability, and a proactive attitude toward learning new tools. Known for producing clean, reliable code and contributing effectively within collaborative environments while maintaining steady professional growth.

SKILLS

Programming Languages : Java, SQL

Core Concepts : OOP, Collections, Exception Handling, Multithreading, JDBC, Spring IoC, Dependency Injection, Bean Configuration

Web Technologies : HTML, CSS, JavaScript, jQuery, Bootstrap

Frameworks / Backend Technologies : Spring Framework (Core, IoC, Dependency Injection, Spring JDBC), Spring Boot (Basics, REST API development), Servlets, JSP, JDBC, Hibernate

Database : MySQL

Tools and IDEs : Eclipse IDE, Spring Tool Suite (STS), Postman, MySQL Workbench, Visual Studio Code

Soft Skills : Strong work ethic, Quick learner, Problem-solving mindset, Team collaboration

PROFESSIONAL EXPERIENCE

Java Full Stack Developer

06/2025 | Present

QIS Academy

Kadavantra, Kochi

- Currently pursuing Java Full Stack Developer training at QIS Academy
- Solved multiple coding challenges focused on improving logic building and problem-solving skills.
- Designed front-end interfaces, including a Facebook Home Page replica using **HTML** and **CSS**, and additional responsive pages using **Bootstrap**.
- Built interactive web features such as a Calculator using **JavaScript**.
- Implemented a Student Details Management application with database operations using **Hibernate (ORM)**.
- Developed a User Registration and Login System using **JSP** and **JDBC**, including features to view, update, and delete individual user records.
- Gained hands-on experience with **Spring Framework (Core)** by implementing **IoC**, **Dependency Injection**, and **Bean configuration**, and performing database operations using **Spring JDBC**.
- Developed a Movie Watchlist **REST API** using **Spring Boot**, implementing **CRUD** operations and testing endpoints using **Postman**.

PROJECTS

Disaster Management System

03/2025 – 04/2025

Associated with MES AIMAT

Marampally, Aluva

Developed a web-based Disaster Management and Relief System using Django to streamline disaster reporting, relief campaign management, and volunteer coordination. The platform enables admins, organizations, volunteers, and the public to manage resources, track disasters through an interactive map, and receive real-time notifications.

Technology: **Python Django, HTML, CSS, JS, SQL**

Responsibilities: Collaborated in designing user interface using **HTML** and **CSS**

Street Sports

09/2024 – 10/2024

Associated with MES AIMAT

Marampally, Aluva

Built a Street Sports web application that allows users to search nearby sports venues, check availability, and reserve slots through an intuitive interface. Designed a structured backend to handle bookings, user profiles, and event coordination smoothly. The system improves the management of local sports activities by reducing manual scheduling and enhancing user convenience.

Technology: **Python Django, HTML, CSS, JS, SQL**

Responsibilities: Collaborated in designing user interface using **HTML** and **CSS**

EDUCATION

Master of Computer Applications(MCA)

MES AIMAT, Mahatma Gandhi University

Aluva, Ernakulam

2023 - 2025

Bachelor Of Commerce(BCOM)

ST.Thomas Arts and Science College, Mahatma Gandhi University

Puthencruz, Ernakulam

2019 - 2022

Higher Secondary Education

Govt.Boys Higher Secondary School

Perumbavoor, Ernakulam

2017 - 2019

Secondary Education

St.Mary's Higher Secondary School

Morakkala, Ernakulam

2016 - 2017

CERTIFICATION

National Programme on Technology Enhanced Learning(NPTEL)

The Joy of Computing Using Python

ACHIEVEMENTS

- Esports coordinator for tech fest events in college.
- Earned recognition for consistent discipline and teamwork during college technical events.
- Received positive feedback from mentors for strong problem-solving and quick learning ability.
